Check outs of physical items is up 2.8%; digital items are up 25%; overall circulation is up 7.5%. ILL up 3.7% borrowed is what we receive from other libraries, loan is loaned to other libraries. We borrow things that don't fit our criteria to add to our collection or that we no longer own. Movies and audiobook lending and borrowing increased the use of ILL. Justine asked about the big increases at Hartford and Humboldt along with noting that ValleySprings use is low. Last month the Senior Admin team met with Rural East staff to brainstorm how to improve use of the Valley Springs branch. Meeting rooms, study rooms, computer use all up.Computers and also up with the increased reliability of the new computer management software. Program attendance also continues to increase. It was noted that programs that are above capacity may affect the quality of the program for the attendees.

    a. Director Report - Ronning carpeting project is almost done; vendor ran out of carpeting during February installation and will install after hours once carpet arrives.
