I love eating pizza, that's my favorite food. I drive my mom crazy because I want to eat pizza every day all day. I'm very loving and caring, but I also love to be by myself most of the time. This summer, I'm going to leave and travel with my dad. I'm very excited. Hopefully we get ice cream and pizza all day every day.

Her paintings have made the lives of all of her children and loved ones more beautiful and colorful. We are so proud of her resiliency, strength and creativity. **This And The Next**

**Unknown And Understood**

Acrylic paint, acrylic metallic paint markers, red cabernet wine, and granite gesso, 2021

Art is like bringing to life a personal fairy-tale - wildly known, rarely understood. I have happily operated my Hannah V Fine Arts (HVFA) business, volunteered to further the arts, and I have joined business owners and nonprofit teams to achieve goals for 15+ years. While years of strenuous recovery from a debilitating car crash, staying positive and motivating myself to create anything artistic was near impossible. It is my continued mission to create joy and comfortable light to people through my artwork. I am currently focused on abstract paintings using acrylic paint, oil paint, and french conte pastels while I regain my professional presence, while most of my career was spent mastering charcoal, graphite, and other acrylic mixed media materials.
