

PRAIRIE AND POLLINATOR GARDEN KIT

A **Prairie and Pollinator Garden** uses native wildflowers and grasses to conserve South Dakota's plant heritage, support pollinators, and protect water resources.

The **Prairie and Pollinator Garden Kit** contains the following items:

- Planting Guide booklet
- Seed packet (1 packet for 10 ft x 10 ft plot)
- Educational metal sign and post

Kits are to be used for the intentional planting of native grasses and wildflowers as part of a landscaping feature. Plants will grow to approximately 18 inches in height. Vegetation must be properly planned, managed, and maintained.

Kits were developed by the **Minnehaha Conservation District** and the **City of Sioux Falls Sustainability Program**.

Currently kits are limited and cost **\$15 plus tax**. To order a kit and arrange pick-up, email minnehaha.urbanconservation@gmail.com or call (605) 370-3480 or (605) 595-8052
