**FINANCIAL RESPONSIBILITY AND ASSIGNMENT OF PAYER BENEFITS**

I agree that I am financially responsible for all charges related to services provided by Falls Community Health (FCH). Further, if I am provided health care services by a provider other than FCH, while a patient within FCH, I am financially responsible for all charges related to services provided by said provider. FCH billing statements will not include charges by health care providers independent of FCH. I agree that FCH will bill and provide necessary health information to any Payers. "Payers" are any health care insurance, private or government health plan, or insurance policy that I have or another third party that will pay the charges I have incurred. I give my authorization for FCH to file a claim request for direct payment of benefits to FCH.

**Consent to Treat**

I consent to exams, treatment, diagnostic tests, and medications that any provider at FCH feels is necessary for the health of me or my child.

I acknowledge that no guarantees have been made to me and I am aware that I have the right to ask my provider or nurse questions regarding my treatment or exam. Some services may involve the use of telemedicine equipment and interaction with providers who are not physically onsite. These sessions are transmitted via secure, dedicated high-speed lines and are not videotaped, accessible via the internet or saved in any way.

I authorize FCH to disclose my confidential information only for treatment, payment, or health care operations.

**Consent to Obtain External Prescription History**

I consent to provide FCH access and use of my prescription medication history from other healthcare providers or third-party pharmacy benefit payers for treatment purposes. I understand that my prescription history from other medical providers, insurance companies, and pharmacy benefit managers may be viewable by my providers and staff here, and it may include prescriptions dating back several years. I acknowledge that FCH may use health information exchange systems to electronically transmit, receive, and/or access my prescription history.
