

Questions Received for RFP 22-0131, Digital Signs:

1. How many references are required for the City's RFP for Digital Signs.

The City did not set a minimum required number of references to be included in proposals. Proposers should submit a response that includes references and/or examples of prior work of a similar nature that demonstrates their experience and ability to perform the work. Proposers' ability to demonstrate their experience and ability to perform the work is a scoring criteria worth up to 25 points.

2. Do we need to obtain any permit or license to perform work in South Dakota?

Proposers should contact the South Dakota Department of Revenue at 1-800-829-9188 for additional information on requirements to perform business in South Dakota. SD Dept of Revenue will also provide direction on any applicable taxes such as excise tax.

Proposers should also contact the City of Sioux Falls Building Services Division at 605-367-8670 to determine the permitting requirements for the work to be performed.

3. Does the City have an installation deadline for this project?

Proposers should provide their lead time for completion of the project in their proposal. Lead time will likely be dependent upon the lead time of the digital sign components and the installers' schedule. The City will negotiate a reasonable deadline with the selected proposer as a part of the final contract once the project is awarded.

4. Will the City accept bids of electronic displays other than Daktronics?

The City prefers to remain with Daktronics as they are the supplier the City is familiar with and has worked with previously. However, the City is willing to consider alternate manufacturers as well. If you would like to submit an alternate proposal along with the Daktronics option, I would recommend that you provide the lead time of the alternate along with the pricing and background information for the alternate as well.

5. Will all the signage go on existing setup?

The only location to use an existing frame and pole will be the Fire Station No. 3 sign. The other two locations do not currently have signs.

6. Do all locations require double sided signs?

Yes, all locations require double signed signs.

7. Can you provide details for the existing cabinets?

The size of sign required by our existing pedestal are noted in Section 2.03 of the RFP. Photos will be provided on the City's website under the RFP posting, <https://www.siouxfalls.org/business/rfq/2022/07/rfp--22-0131>.

8. Please provide existing signage pictures.

As noted in Question 7, pictures will be posted to the City's website under the RFP posting, <https://www.siouxfalls.org/business/rfq/2022/07/rfp--22-0131>.

9. Will there be any addendums issued?

The City does anticipate issuing one addendum for this RFP. While the City intends to publish the addendum by 5 p.m. on Friday, July 29th, it will be published absolutely no later than 9 a.m. on Monday, August 1st.

10. There are multiple concept designs shown in the bid, is there a specific one that should be followed?

Those designs are an example of the final design. There may be slight modifications once the proposal is awarded. Proposers can use any of those in their mock-ups or design drawings.
